LICENSED VOCATIONAL NURSING TO ASSOCIATE OF APPLIED SCIENCE IN NURSING
(LVN to ADN)
PROGRAM OUTLINE

Total Clock Hours: 1348

Semester Credit Hours: 60.0

Program Length: 64 Weeks Day

Delivery Method: Blended Program delivered by both residential and distance education. Courses delivered via distance education are notated by an asterisk.

Objective: Licensed Vocational Nursing to Associate of Applied Science in Nursing (LVN to A DN) is a transition pre-licensure program offered over a 64-week period consisting of eight 8-week sessions and designed exclusively for currently Licensed Vocational Nurses (LVNs). Students who successfully complete the program, earn an Associate of Applied Science in Nursing degree, and earn eligibility to sit for the National Council Licensure Examination for Registered Nurses (NCLEX-RN®) for licensure as a Registered Nurse in the State of Texas. The program is an accelerated course of study designed to expand upon previous education and experience. Students are expected to apply prior knowledge to all nursing courses. The program curriculum includes a combination of hybrid and face to face classes, simulation lab and skills performance, and clinical experiences in a variety of healthcare settings. Graduates of this program may find employment in areas such as hospitals, clinics, home health-care agencies, and physician offices.
